About the Organizer	<p>Jiangsu Inspection and Quarantine Institute of Quality (hereinafter referred to as JSIQ), established in 2005, is an independent legal entity affiliated to Nanjing Customs and the organizer of the Chinese government's foreign aid training programs.</p> <p>JSIQ is a quality scientific research institution that integrates quality research, international exchanges, comprehensive training, and management consulting. It currently has departments such as the Planning and Development Department, the Quality Research Consulting Department, the International Exchange and Cooperation Department, the Domestic Training Department, and the Comprehensive Management Department. There are more than 40 formal employees.</p> <p>JSIQ began to undertake the Ministry of Commerce's human resources foreign aid training programs since September 2006. By December 2023, it had successfully organized 280 foreign aid training projects and trained 8,525 inspection and quarantine officials and professional technical personnel from 149 developing countries and international organizations on five continents; the training contents cover import and export commodity inspection, entry and exit animal and plant quarantine, frontier health quarantine, import and export food safety, customs origin management, customs trade facilitation, as well as standards, metrology, certification and accreditation, market regulation, intellectual property and other professional fields; programs are held in 9 languages: English, French, Russian, Arabic, Spanish, Portuguese, Cambodian, Mongolian and Lao. We have accumulated experience and achieved fruitful results in foreign aid training in the area of customs.</p>
