

TRANSFORMING EDUCATION IN THE 21ST CENTURY

14 TO 18 OCTOBER 2019

Sponsored by the

SINGAPORE COOPERATION PROGRAMME

under the

SINGAPORE COOPERATION PROGRAMME TRAINING AWARD

Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, over 127,000 officials from more than 170 countries and territories have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.

Course Objectives

Deriving from Singapore's development of its education system to cultivate future-ready schools and citizens, this course aims to help participants contextualize and apply best practices to their respective education systems.

Synopsis

Topics to be covered include:

- Evolution of Singapore's education system.
- Best practices in change management for education.
- Digital economy and the education sector.
- Emerging global educational trends

Methodology

The course will be conducted through lectures, case studies, class discussions and presentations.

Duration

The course will be held from **14 to 18 October 2019**.

Application Information

Applicants should be:

- Senior officials from government institutions, education ministries and related government agencies.
- Nominated by their respective Governments;
